

NEW HEART FOR POTTERS BAR

on the former Potters Bar Golf Course

"Potters Bar has the potential to be one of the best bike parks in the UK"
Clark & Kent Contractors report

Potters Bar has waited too long for a new vision.

A green vision. A brighter future. A beating heart.

The Local Community needs your support to make the vision a reality.
A new central hub for our town. The UK's foremost cycle park for use by all
ages, a hotel, walking, fitness, leisure and community facilities.

Hertsmere is about to create a new Local Plan.

The majority of Potters Bar Councillors support this vision but need the
community to get behind it. You can help - **Show that you share the vision.**

The vision maintains the site's green belt status.

 **Creates local employment**  **A landmark for Potters Bar**
